QND Computer Science Day 16

Mark Schmidt

Last Day

- What's Next
- Favorite Things App
- Feedback Survey

What Did We Learn?

- Variables

- Strings

- Integers and Booleans

- `if` / `else if` / `else`

- `while` and `for` loops

What's Next?

- If you didn't like this...
  - You're done!
- If you did like this...
  - There's a **lot** more to learn!

Where to Focus

- Swift Playgrounds

- Computer Science Club

- AP Computer Science

- Other Resources

  - Books

  - Advent of Code

  - Codecademy and Code.org

Favorite Things App

```swift
var body: some View {
        ScrollView {
            VStack {
                Group {
                    Image("luna")
                        .resizable() // Resize image instead of crop
                        .aspectRatio(contentMode: .fit) // Keep aspect ratio
                        .frame(width: 300) // Set a maximum width
                    Text("Luna is the best dog!")
                }
                // ... Add more groups
            }
        }
}
```

Thank You!

- Computer Science is **hard**

Feedback Survey

- Your final grade!
