QND Computer Science Day 12

Mr. Schmidt

Today

- Turtles

Final Project

- Make some art!
  - Whatever you want!
  - Keep it appropriate!
  - Think Etch a Sketch, not Mona Lisa
  - Make it unique
    - Do not just copy my code
- Submit code end of class **Thursday**
- On Friday, we'll do a show and tell
  - If we're not working hard, we can do a final exam

Turtles!

- Create a turtle

- Lots of ways to move it around!

```
let turtle = turtleConsole.addTurtle()
turtle.penDown() // start drawing
turtle.forward(100) // move turtle 100 units forward
turtle.penUp() // stop drawing
```

Turtles (continued)

- Check the README for details on other Turtle functions
- lineColor, fill, arcs, thickness
