QND Computer Science Day 14

Mr. Schmidt

Today

- Keep going in Game Design
  - Pick up where you left off
  - **Don't download it again** -- that replaces your work
- End of class: Design Your Own Game
- Share your level with a neighbor

Stuck?

- Find the first ❌ in the checklist
- Open the **Hints** page at the end of the Part
  - Read Hint 1 and try it before reading Hint 2
- Still stuck? The next page starts with the finished code
- "⚠️ Can't find" means the first line of a function is spelled wrong
- The README page lists every command

Design Your Own Game

- Has all the code from the book -- go there any time
- Draw your own level with letters
  - `#` block, `.` air, `P` you, `F` the 🚩 (the page lists the rest)

```
..........
.P......F.
##########
```

- Try the Ideas list
- Swap iPads with a neighbor and play each other's level

Next Time

- Google AI Studio
- Final Project!
